

HEAR FROM YOUR PEERS !

I see a new wave of enthusiasm in my nurses while tending to patients.

Trainings received under LaQshya-Manyata has equipped my nurses to manage complications like PPH and newborn resuscitation, calmly and efficiently in the OT. Initially hesitant, they soon recognized their skill gaps and eagerly absorbed the lessons. Their dedication led to our certification in one attempt, boosting morale significantly. Now, my team is so confident that they've approached me, saying, "Let's pursue NABH, we can do it!"

Dr. Sachin Patil
Maher Maternity and Nursing Home, Mumbai

Thanks to LaQshya-Manyata, patients now have a choice to select the right place for their treatment.

I am very grateful to the LaQshya Manyata team for giving us the opportunity to improve the quality care standards of our hospital by analyzing and closing the gaps in the obstetric care. Overall, it was a wonderful experience. The real reward was when one of my staff was successfully able to resuscitate a baby with delayed cry.

Dr. Ajit Gandhi
Unique hospital, Solapur, Maharashtra

19. Provider ensures safe surgery in the facility.
20. Provider ensures complete medicolegal documentation.

LAQSHYA-MANYATA BENEFITS FOR YOU

1. Empowering Your Team:

- Training on 30 (26 existing + 4 new) standards to enhance basic clinical practices, ensuring high-quality patient care.
- Equipping your staff with essential skills to efficiently manage obstetric complications like PPH, Eclampsia, etc.
- Lesser patient referrals to higher centres due to a stronger team of trained nurses.

2. Enhancing Patient Satisfaction:

- Providing soft skills training to ensure staff delivers respectful, compassionate, and dignified maternal care.
- Quality services attract more patients, enhance patient loyalty, and contribute to practice expansion.

3. Receiving Medicolegal Support:

- Receiving training on detailed case management and documentation, ensuring accurate record-keeping.
- Benefitting from FOGSI's assistance in case of medico-legal issues, ensuring comprehensive support.

4. Improving Regulatory Compliance:

- Enhancing compliance with regulatory requirements, increasing the facility's likelihood of additional accreditations like NABH and NQAS.

5. Part of the Inner LaQshya-Manyata Circle:

- Exclusive access to LaQshya-Manyata Quality Circles and events for knowledge enhancement and networking.
- Continual learning with unlimited access to training modules and resources via Safe Delivery App, Aastrika platform, and program website.

6. Certification from FOGSI and GoM offers a competitive advantage over non-certified peers, boosting reputation and trust.
